Acceptable Use Policy

CreamyPeach (creamypeach.com) is operated by **PEACHCREAM S.R.L.**, a company registered in Romania (Trade Register no. J2026041854006, CUI 55048995), with its registered office at Șoseaua Iancului nr. 53, bl. 102B, sc. C, et. 7, ap. 111, Sector 2, Bucharest, Romania ("**CreamyPeach**", "**we**", "**us**", "**our**").

Version: 1.1 | **Effective date:** 30 October 2026 | **Contact:** support@creamypeach.com

This Acceptable Use Policy (the "**Policy**") forms part of, and must be read together with, our Terms of Service, Privacy Policy, Content Moderation Policy, Identity and Age Verification Policy, Complaints, Takedown and Appeals Policy, Anti-Human Trafficking and Exploitation Policy and Refund and Cancellation Policy (together, our "**Platform Policies**"). By creating an account, uploading content, interacting with the platform or purchasing anything on CreamyPeach, you agree to comply with this Policy.

If there is a conflict between this Policy and the Terms of Service, this Policy prevails in relation to the content and conduct it regulates.

1. Who this Policy applies to

This Policy applies to everyone who uses CreamyPeach, including:

- **Fans** – users who subscribe to creators, purchase pay-per-view content, send tips or interact with creators and AI characters;
- **Creators** – verified individuals or businesses who publish content on the platform, whether that content depicts them personally or is artificially generated;
- **AI characters** – fictional, computer-generated personas operated by CreamyPeach or by verified creators. Content published under an AI character is subject to this Policy in exactly the same way as any other content; and
- any agency, manager, assistant or other person who accesses a creator account on a creator's behalf. The creator remains fully responsible for everything done through their account.

2. Our platform in brief

CreamyPeach is an adults-only (18+) subscription and pay-per-view platform. Some creators on CreamyPeach are **AI characters**: fictional personas whose images and messages are generated by artificial intelligence and depict no real person. Creators may also be **real people** who have passed our identity and age verification; some of them also publish AI-generated content of their own likeness, which is labelled as such. Every AI character and every piece of AI-generated content on CreamyPeach is clearly labelled as artificially generated, so that you always know whether you are interacting with a real person or with a computer-generated character.

3. Prohibited content

The following content must never be generated, uploaded, published, requested, sold, sent in messages or otherwise made available on or through CreamyPeach. These prohibitions apply equally to photographs, video, audio, text, live interactions and **all artificially generated, edited or synthetic content**, regardless of whether a real person is depicted.

3.1 Minors

- Any sexual, sexualised, nude or suggestive content involving a person under 18 years of age, or any content that depicts, describes or implies sexual activity involving a minor. This includes **computer-generated, drawn, animated or AI-generated depictions** of minors, which we treat exactly as we treat real child sexual abuse material.
- Any content in which an adult is presented so as to appear to be a minor, including through body characteristics, clothing, props, settings, captions or dialogue (for example school uniforms, children's toys, braces or references to school, "first time" framing combined with youthful presentation, or age-play scenarios).
- Any wording, tags, titles or captions that reference or imply minors or a person below the age of 18, including the terms "teen", "child", "kid", "schoolgirl", "schoolboy", "lolita", "barely legal", "underage", "young girl", "young boy", or similar terms in any language, or numerical ages below 18.
- Any request to an AI character for content of this kind. Such requests result in immediate, permanent account termination and may be reported to the competent authorities.

3.2 Non-consensual content

- Intimate or sexual content of any real person published or sold without that person's documented, informed consent ("non-consensual intimate imagery").
- Content that depicts a real, identifiable person — including a public figure, a former partner, a colleague or any other individual — through face-swapping, voice cloning, "deepfake" or any other synthetic technique. The only exception is a verified creator's AI persona of their **own** likeness, created under Section 4.1.
- Content that depicts or simulates rape, sexual assault, coercion, blackmail, drugging, intoxication, hypnosis, sleep or unconsciousness, or any sexual act in which a participant does not or cannot consent, even if presented as fiction or role-play.
- Content recorded or taken without the knowledge of the persons depicted (for example hidden cameras, "upskirt" or "creepshot" material), or content obtained through hacking, leaks or unauthorised access.
- Any content whose subject has withdrawn their consent to its publication.

3.3 Incest and family themes

- Any content that depicts, describes or implies sexual activity between family members, whether biologically related, adoptive, step-related or "in-law", and whether real or fictional. This includes "step-family" role-play and any use of family

terms (for example mother, father, daughter, son, brother, sister, uncle, aunt, step-parent, step-sibling) in a sexual context.

3.4 Animals

- Any sexual content involving animals, real or simulated, and any content depicting cruelty to animals.

3.5 Violence, harm and degradation

- Sexual content involving actual or simulated violence, injury, blood, weapons, torture, asphyxiation or any act likely to cause serious physical harm.
- Content depicting death, necrophilia or dismemberment.
- Content involving urine, faeces, vomit, blood or other bodily waste in a sexual context.
- Content that promotes, glorifies or instructs self-harm, suicide or eating disorders.
- Content that threatens, harasses, bullies, doxxes or intimidates any person.

3.6 Hate and discrimination

- Content that promotes, incites or glorifies hatred, discrimination or violence against any person or group on the basis of race, ethnicity, national origin, religion, disability, sex, gender identity, sexual orientation, age or any other protected characteristic, or that uses hate symbols or slurs.

3.7 Human trafficking, prostitution and in-person services

- Any content or conduct that facilitates, advertises, solicits or arranges human trafficking, prostitution, escort services, “sugar” arrangements, in-person sexual services, or any exchange of sex for money or anything of value.
- Any arrangement to meet a user in person for sexual purposes.
- Any content that appears to have been produced under coercion, force, fraud or the control of a third party, or where a creator does not appear to be in control of their own account or earnings. See our Anti-Human Trafficking and Exploitation Policy.

3.8 Illegal activity

- Content depicting or promoting illegal drug use, the sale of controlled substances, weapons, counterfeit goods or any other unlawful activity.
- Content that is unlawful in Romania, in the country where it was produced, or in the country where it is made available.

3.9 Intellectual property and third-party rights

- Content you do not own or are not licensed to publish, including content copied from other platforms, studios or creators, pirated material, or content featuring third-party trademarks, logos or copyrighted works without permission.
- Content that infringes any person’s privacy, publicity, image or personality rights.

3.10 Deceptive and fraudulent content

- AI-generated or synthetic content presented as a real person, or a real person presented as artificially generated.
- Impersonation of any person, creator, company, CreamyPeach or its staff.
- Scams, phishing, pyramid or investment schemes, fake giveaways, or any attempt to obtain money, data or credentials by deception.
- Content containing malware, hidden links, tracking scripts or other harmful code.

3.11 Other brand-damaging content

- Any content that, in our reasonable judgement, is illegal, harmful, exploitative or likely to damage the reputation of CreamyPeach, our payment partners or the card networks, even if it is not expressly listed above. Our Content Moderation Policy describes how we make these decisions.

4. Rules for AI-generated content

In addition to Section 3, the following rules apply to all artificially generated or synthetic content on CreamyPeach:

1. **No real persons, with one exception.** AI characters must be entirely fictional and may not be trained on, derived from, or made to resemble any real, identifiable person — celebrities, influencers, other creators or private individuals. The only exception is a **verified real creator's AI persona of their own likeness**: a creator who has passed full identity verification may, with their explicit written consent recorded on the platform, create an AI persona trained only on their own verified likeness. Such a persona must depict the creator as the adult they are (no de-aging and no blending with any other person's features), its content is labelled as AI-generated, and the creator may delete it at any time, after which the model and its training material are deleted. Content from such a persona is treated as content depicting a real person for record-keeping purposes.
2. **Adults only, by design.** AI characters must be created, described and presented as adults. Characters must have a stated canonical age of at least 21 and must be rendered with unmistakably adult physical characteristics. Youthful framing, childlike features, proportions, clothing or settings are prohibited even where a character is described as an adult.
3. **Labelling.** All AI characters and all AI-generated content must be labelled as artificially generated. Removing, hiding or disabling an AI label is prohibited.
4. **Guardrails must not be circumvented.** You must not attempt to prompt, trick, jailbreak, manipulate or otherwise induce any AI character, chatbot or generation tool on CreamyPeach to produce prohibited content, to disclose its instructions, or to behave outside its intended purpose. Attempts to do so are logged and may result in immediate termination.
5. **Prompt content is content.** Anything you type into a chat or generation tool is subject to this Policy in the same way as content you upload.

5. Rules of conduct

Every user of CreamyPeach must:

- be at least 18 years old (or the age of majority in their jurisdiction, if higher) and complete the verification steps described in our Identity and Age Verification Policy;
- keep their account credentials private and never share, sell, lend or transfer an account;
- use only one fan account, and never create a new account to evade a suspension or ban;
- never download, record, screenshot, re-upload, redistribute, resell or otherwise share any content obtained on CreamyPeach outside the platform;
- never contact creators outside the platform using information obtained on CreamyPeach, and never attempt to obtain a creator's personal information, home address or real identity;
- never harass, threaten, stalk, blackmail or pressure any creator, fan or member of our team;
- never use CreamyPeach to send unsolicited commercial messages, spam, referral links to competing services, or links to external payment methods;
- never use bots, scrapers, automated tools or multiple accounts to access the platform, interfere with its operation, or attempt to access accounts, systems or data that do not belong to them;
- never attempt to circumvent age or identity verification, payment controls, geographic restrictions or content guardrails;
- never make, or threaten to make, fraudulent chargebacks or payment disputes in relation to purchases they knowingly made; and
- comply with all laws applicable to them, including the laws of the country from which they access CreamyPeach.

Creators must additionally comply with the Creator Agreement, must ensure that every person who appears in their content has been verified and has consented in writing (see our Identity and Age Verification Policy), must only publish content they personally produced or hold full rights to, and must direct payouts only to a payout account held in their own verified name or that of their verified business.

6. Reporting

If you see content or conduct that violates this Policy, report it immediately:

- by using the **Report** button available on every post, message and profile; or
- by email to **support@creamypeach.com**, with the subject line "Report".

If you believe content on CreamyPeach depicts a minor, or depicts you or someone you know without consent, say so clearly in your report so that we can treat it as an emergency. You may also report child sexual abuse material directly to the authorities (in Romania, to the Romanian Police at **politiaromana.ro**; in the United States, to the NCMEC CyberTipline

at **report.cybertip.org**; and in any country, through the INHOPE network of hotlines at **inhope.org**).

Our Complaints, Takedown and Appeals Policy explains how we handle reports, our response times, and how to appeal a decision. The full list of email subject lines we use for different types of request is in Section 11 of that Policy.

7. Enforcement

We investigate every report and we also monitor the platform proactively, as described in our Content Moderation Policy. Depending on the severity of the violation, we may, without prior notice:

- remove or refuse to publish content;
- add a warning to, or restrict the visibility of, an account;
- suspend or permanently terminate an account;
- withhold, reverse or forfeit earnings associated with a violation, to the extent permitted by law;
- block the user, their device, their payment method and any related accounts from using CreamyPeach in the future; and
- report the matter to law enforcement, to child-protection organisations, to our payment partners and to the card networks, and preserve and disclose relevant records as required by law.

Confirmed violations involving minors, non-consensual content, synthetic depictions of real people, bestiality or human trafficking result in **immediate and permanent termination** with no right of appeal, and are reported to the competent authorities where a crime is indicated. Automated systems may block content or suspend an account instantly, but every termination is confirmed by a trained member of our team.

8. Changes to this Policy

We may update this Policy from time to time, in particular to reflect changes in law, card-network rules or the requirements of our payment partners. The current version is always available at creamypeach.com. Material changes will be notified to registered users by email or in-platform notice at least 14 days before they take effect, unless a change is required by law or to address an urgent safety risk, in which case it takes effect immediately.
