Anti-Human Trafficking and Exploitation Policy

CreamyPeach (creamypeach.com) is operated by **PEACHCREAM S.R.L.**, a company registered in Romania (Trade Register no. J2026041854006, CUI 55048995), with its registered office at Șoseaua Iancului nr. 53, bl. 102B, sc. C, et. 7, ap. 111, Sector 2, Bucharest, Romania ("**CreamyPeach**", "**we**", "**us**", "**our**").

Version: 1.1 | **Effective date:** 30 October 2026 | **Contact:** support@creamypeach.com

1. Our statement

CreamyPeach has **zero tolerance** for human trafficking, sexual exploitation, forced labour, coercion and any form of modern slavery. We will not allow our platform to be used to recruit, advertise, control, exploit or profit from any person against their will, and we will not knowingly do business with any creator, agency, partner or supplier that does.

This Policy sets out the concrete measures we take to keep trafficking and exploitation off CreamyPeach. It applies to every user, creator, agency, employee, contractor and business partner of CreamyPeach, and it forms part of our Platform Policies.

2. What is prohibited

The following are strictly prohibited on CreamyPeach and result in immediate, permanent termination and a report to law enforcement:

- recruiting, harbouring, transporting, providing, obtaining, advertising or soliciting any person for the purpose of sexual exploitation or forced labour, or benefiting from any such act;
- publishing content that was produced through force, fraud, coercion, deception, abuse of a position of vulnerability, debt bondage or threats, or in which any participant did not freely consent;
- publishing content depicting any person under 18, in any form;
- using CreamyPeach to advertise, offer, arrange or solicit prostitution, escort services, in-person sexual services, "sugar" arrangements or any exchange of sexual services for money or anything of value;
- where confirmed following review under Section 3.4: operating an account on behalf of another person without that person's free, informed and verified consent, or controlling another person's account, content, communications or earnings;
- where confirmed following review under Section 3.4: directing a creator's earnings to any person other than the verified creator (or their verified business); and
- withholding a creator's identity documents, restricting their freedom of movement, or exercising any other form of control over a creator as a condition of their activity on CreamyPeach.

3. How we prevent exploitation

3.1 Verification of every person

Every creator and every person who appears in content must pass full identity and age verification through our independent verification provider, and every person appearing in content must sign a Co-Performer Release and Consent Form confirming their free consent. See our Identity and Age Verification Policy. Verification is repeated when we have any doubt that the person using an account is the person who verified it.

3.2 Control of earnings

Creator earnings are paid only through our regulated payout partners, and only to a payout account held in the verified legal name of the creator or of the creator's verified company. We do not pay earnings to managers, agencies, "friends", family members or any third party. A request to change payout details triggers re-verification of the creator.

3.3 Authorised users and agencies

A creator may allow a manager, agency or assistant to help operate their account only if that person is registered as an authorised user on the account and has passed identity verification. The creator must retain the ability to log in, to remove the authorised user at any time, and to receive their own earnings. We may contact creators directly, outside of any agency, to confirm that they are operating freely.

3.4 Monitoring for indicators of exploitation

Our Trust & Safety team is trained to recognise indicators of trafficking and coercion, and our systems flag accounts showing them, including:

- multiple creator accounts verified from the same device, IP address, email domain or payout details;
- a creator who never appears to control their own account, communications or schedule, or whose messages are evidently written by someone else;
- attempts to change payout details to a third party, or to have earnings paid in cash, in crypto to an unverified wallet, or through another creator;
- content, captions or messages that reference debts, "owners", "managers" taking a cut, travel arranged by others, or inability to stop;
- content in which a participant appears distressed, intoxicated, injured, unconscious, or otherwise not freely participating;
- signs that a creator is under 18 or that their verification was completed by someone else;
- references to meeting fans in person, to escort services, to prices for in-person services, or to external contact details for that purpose; and
- reports from fans, other creators, NGOs, hotlines or law enforcement.

Flagged accounts are reviewed by a human within 24 hours. During review we may restrict the account, withhold payouts and contact the creator directly through a channel independent of any agency.

3.5 Pre-publication review of content

All content is reviewed before publication, as described in our Content Moderation Policy. Content that shows indicators of coercion, exploitation or a minor is rejected and escalated.

3.6 Confidential reporting

Anyone — including a creator who feels unsafe or controlled — can contact us confidentially at **support@creamypeach.com** with the subject line **"Safety"**. Messages with this subject line go directly to our Trust & Safety lead. We will respond within 24 hours, we will not disclose the contact to any agency or third party, and we will help the person reach specialist support and, if they wish, the authorities.

4. Reporting to authorities and cooperation

We report confirmed or credibly suspected trafficking, exploitation and child sexual abuse to the competent authorities without delay, including the **Romanian Police**, the **Directorate for Investigating Organised Crime and Terrorism (DIICOT)**, the **National Agency against Trafficking in Persons (ANITP)**, and — for matters with a United States connection — the **NCMEC CyberTipline** and the **National Human Trafficking Hotline**. We preserve relevant content, verification records, account data and payment records for the purpose of investigation, and we respond promptly to lawful requests from law enforcement and regulators in any country. We also notify our payment partners of confirmed incidents in accordance with our agreements with them.

5. Our team, partners and suppliers

- Every member of our team who reviews content, handles reports or onboards creators receives training on recognising and responding to trafficking and exploitation when they join and at least once a year.
- Our payout and payment partners are licensed or regulated financial businesses where the law requires it and apply their own anti-money-laundering, sanctions and know-your-customer controls; our verification provider applies independent identity and age checks.
- We expect every supplier and partner to comply with applicable anti-trafficking and anti-slavery laws, including the Romanian Criminal Code, Directive 2011/36/EU on preventing and combating trafficking in human beings, and — where applicable — the UK Modern Slavery Act 2015 and the U.S. Trafficking Victims Protection Act. We terminate relationships with any partner that does not.

6. Getting help

If you or someone you know is being exploited or trafficked, please contact the authorities or a specialist organisation. In an emergency, call your local emergency number (112 in

Romania and across the European Union). You can also reach the Romanian anti-trafficking helpline operated by ANITP at **0800 800 678** (free of charge within Romania), the U.S. National Human Trafficking Hotline at **1-888-373-7888**, or the Modern Slavery & Exploitation Helpline in the United Kingdom at **08000 121 700**.

7. Review of this Policy

This Policy is reviewed at least annually, and whenever there is a change in applicable law, card-network rules or the requirements of our payment partners. It is approved by the Chief Executive Officer of PEACHCREAM S.R.L. The current version is always available at creamypeach.com. Material changes will be notified to registered users by email or in-platform notice at least 14 days before they take effect, unless a change is required by law or to address an urgent safety risk, in which case it takes effect immediately.
